Our Deep Hopes

Our Deep Hope is that by being part of the Heritage family, our students will become part of a place where they get to be themselves as God intended them to be.

As part of Heritage, they will get to create a vision for what their future could look like. We want them to know that the best future for them lies in pursuing God’s will for their life.

We want them to build upon the Strengths that God has given them in order for them to walk with Him into their future.

1 INTRODUCTION

The welfare of students at Heritage Christian School is a paramount responsibility and privilege of the school as it partners with parents in the education of their children.

Welfare encompasses the whole of a student's well-being and healthy development. It therefore includes nurturing, building and encouraging; protection from harm (HCS Child Protection Policy); and also training, direction and correction. (HCS Discipline Policy)

Student welfare is built in to everything that happens in the school to meet the physical, emotional, psychological, spiritual, social and learning needs of students. The School partners with parents, and the wider community, in strategies which are preventive and proactive in caring for students; and responsive in identifying welfare needs and determining best actions.

2 CHRISTIAN RATIONALE

The purpose of Heritage Christian School is to honour and glorify God by giving each child a Christ-centered education, as a complete person created by God in His image. Healthy students are happy and resilient; who can form good relationships with peers and others; and who are well-resourced to develop into leaders of godly character, and will blend academic achievement and biblical truth, to influence society for the glory of God.

The school recognises that the responsibility for a child's welfare is given to his or her parents by God; but that this task is shared by the community of faith, and the wider community. Heritage Christian School considers the welfare of the children in its care as a sacred trust from God, through the parents who enrol their children.

In partnership with parents, every person who belongs to the community of Heritage Christian School is encouraged to take responsibility for, and seek the well-being of, others: *'...admonish the unruly, encourage the fainthearted, help the weak, be patient with everyone. See that no one repays another with evil for evil, but always seek after that which is good for one another and for all people.'* 1 Thessalonians 5:14-15

The school's policies and procedures, educational programs and extra-curricular activities are designed to build a healthy personal framework for children, teach them about their responsibilities as citizens of God's kingdom, and allow them opportunities for practical experience in caring for others.

Recognising the vulnerability of children, the school seeks to identify and minimise harm in the school environment; and to respond quickly and appropriately when a student appears to be struggling or in distress. The school dedicates resources and structures to protect, heal and restore students; through a vital partnership with parents, the community and local churches.

Heritage Christian School honours the laws and processes of our state and federal governments for the safety and well-being of our students.
